

The Eiffel Excellence Scholarship Program was established by the French Ministry for Europe and Foreign Affairs to enable French higher education institutions to attract top international students to enroll in their Masters and PhD programs. Applications for Master's students are managed by the Grenoble INP/UGA International Relations Department.

The EIFFEL scholarship offers merit-based grants to international students.

Only French higher education institutions can preselect candidates and send an online application on their behalf on the Campus France website. Applications submitted directly by students or by non-French educational institutions will be rejected.

Eligible fields of study are:

- Economics and Management
- Engineering (Master's level)
- Law
- Political Science
